

WORKFIT™

by ergotron®

Designed with you in mind

Competition is steep in the sit-stand world. But there's only one brand devoted to removing the constraints from how people create, collaborate and work. So which brand will move you forward? We'll let you decide. See how we compare.

	Ergotron WorkFit Corner with Dual Monitor Riser Kit	FlexiSpot® M1 27", M2 35", M3 47" and M4 41" with Dual Monitor Arms
Professional Grade Criteria		
Fully assembled	YES Use immediately—no assembly required	NO Requires assembly of keyboard tray
Accepts 2 kinds of optional monitor mounts	YES Fits our space-saving monitor riser kits (shown above), plus monitor arms, for flexible views and stability	NO Only monitor arms, which may eat into your space
4X load tested	YES Load tested four times its weight capacity to avoid tipping and guarantee safety WorkFit Corner: Tested to 140 lbs (63.6 kg)	— No similar testing information was found on the FlexiSpot website on the date of publishing this document
10,000 cycle tests	YES 10,000 up/down tests for years of trouble-free height adjustment and long-term performance	NO Only 6,000 cycle tests, which is 40% less than Ergotron's quality benchmark
15" (38 cm) height range	YES Fits more users	NO Only 13.8 (35.1 cm), which is about an 8% smaller height range than WorkFit

Your perfect fit

Every body and every workspace is different. Choose from the widest selection of styles, sizes and attachments to find your best fit.
