Moving you forward

Research and customer feedback show that freedom to move while working leads to better health, greater productivity and a more positive attitude. At Ergotron, our mission has always focused on transforming static workplaces into dynamic environments that allow our customers to thrive. This means moving people forward by improving how they work, learn, play and care for others.

Whether in office, home, healthcare or educational settings, Ergotron is respected for industry-leading, professional-grade products. Our ergonomic movement solutions are designed for the rigors of a commercial audience, engineered for durability and tested to performance excellence. We are proud to hold more than 200 patents for unique product innovations and to have received countless accolades and awards.

Your input remains a crucial component in our product development process—and your loyalty tells us we're continuing to move you in the right direction.

Thank you for your continued trust in the Ergotron brand.

The way we work has changed, so companies need to invest in spaces that meet the needs of every generation. Through movement, Ergotron eliminates constraints and transforms sedentary office environments into active spaces that inspire creativity and long-term results.

Sit-Stand Workstations
THE BROADEST PORTFOLIO FOR THE PERFECT FIT

Our products foster a workplace culture of movement, encouraging active workstyles that benefit employers and employees with improved comfort, flexibility and collaboration.

Monitor Mounts
WELL-BEING IS WITHIN AN ARM’S REACH

An active sit-stand workstyle represents just one aspect of a workday that moves. With Ergotron’s monitor arms, you can harness even more productivity and feel-good benefits.

WORKFIT DESK CONVERTERS

Every body and every workspace is different. With the widest selection of styles, sizes and accessories, Ergotron's WorkFit family of sit-stand solutions helps employees find their best fit. The ability to easily go from sitting to standing and back again allows employees to choose how they work to reclaim the energy they need to feel and perform at their best.

WORKFIT™

Tabletop Desk Converters

The new standard: WorkFit-TX

Thoughtfully designed to offer advanced ergonomics out-of-the box, the WorkFit-TX fits more users with an X-shaped lift that folds close to your desk to keep the right monitor-to-keyboard-tray spacing. With a height-adjustable, back-tilt keyboard that sits below the worksurface, this ultra-low sit-stand workstation delivers leading ergonomics when sitting and standing.

Lift	20" (50.8 cm)
Weight Capacity	40 lbs (18.2 kg)
Worksurface Dimensions	32" x 27" (81 x 68.5 cm)
Keyboard Tray Dimensions	28" x 8" (71 x 20 cm)

Part Number / Color
33-467-921 / Black

Right-angle power play: WorkFit Corner

Don't cut corners. Use them. The WorkFit Corner Standing Desk Converter turns unused space into a productive right-angle power play. It offers more worksurface and the largest keyboard tray of any WorkFit. The notched worksurface hugs 90-degree cube or office walls to slide into this previous dust collector space.

Lift	15" (38 cm)
Weight Capacity	35 lbs (15.9 kg)
Worksurface Dimensions	36" x 23.6" (91.4 x 60 cm)
Keyboard Tray Dimensions	36" x 13.2" (91 x 33 cm)

Part Number / Color
33-468-921 / Black

Tabletop Desk Converters

Large worksurface: WorkFit-TL

WorkFit-TL transforms everyday offices into dynamic, active workspaces. This sit-stand desktop converter offers easy, crank-free height adjustment and holds up to 40 lbs (18.1 kg) of office essentials on a large worksurface. It moves straight up and down for more stability and to keep your space, your space.

Lift	15" (38 cm)
Weight Capacity	10–40 lbs (4.5–18.1 kg)
Worksurface Dimensions	37.5" x 23" (95 x 58.4 cm)
Keyboard Tray Dimensions	27.5" x 11" (69 x 28 cm)

TRACE™

SHAPE A NEW WORK EXPERIENCE

The innovative TRACE Monitor Mount adapts to the ergonomic needs of each employee to create agile workspaces at home or in the office that effortlessly shift between users and tasks to encourage healthy movement, productivity and a collaborative spirit.

Embrace the Technology of Movement™
to improve workplace comfort, collaboration and productivity.

A productive and comfortable workday depends on a personalized set-up that offers employees the freedom to choose how they work best. TRACE embraces movement by tracing the path from individual to collaborative work, always returning to the natural home position.

Intuitive adjustment using patented Constant Force™ Technology positions screens at an ergonomic height for comfortable working in dedicated or shared workspaces. Integrated cable management reduces clutter with a compact base that maintains valuable workspace. The flexible design accommodates future technology changes with a 15-year warranty to get more from your investment.

Embrace your next move:

Caregivers have many distractions that take their focus away from patients—technology should not be one of them. Ergotron products remove constraints from how caregivers work with technology to help reduce burnout and to improve the patient experience. Together, we are moving care forward.

Carts
CONFIGURATIONS TO FIT YOUR WORKFLOWS

Move your care where it's needed most with a mobile workstation.

Wall Mounts
GET MORE FROM YOUR SPACE

Free up room in your facility for personal interaction with patients and families.

Charging Cabinets
POWER UP YOUR TECHNOLOGY

Keep your smart devices secured, protected and charged for easy documentation.

and more!

CAREFITTMSLIM

Ultra-lean Documentation Cart

Short, tall or average clinicians can now work comfortably and effectively—no matter what their stature. Help all of your caregivers thrive with an expansive vertical range that easily adjusts to the ergonomic needs of the broadest range of users. The lightweight design makes it easy to move wherever your work takes you around the healthcare facility.

CareFit Slim 2.0 LCD Medical Carts offer a pull-out keyboard and large worksurface to support large all-in-one computers and monitors, with no-drawer and one-drawer models available.

- 1 Designed for lean IT configurations, including micro PC + LCD or AIO 21–27" weighing up to 20 lbs (9.1 kg)
- 2 Telescopic lift provides an additional 5" (13 cm) of monitor height adjustment
- 3 Spacious worksurface is 20.7" x 14.3" (52.5 x 36.3 cm)
- 4 Slide-out keyboard tray and pull-out mouse tray (left or right side) hides under the keyboard tray when not in use
- 5 Offers easy height adjustability with the pull of a lift handle
- 6 Accessory shelf for printer or scanner on left; sani-wipes holder on right
- 7 Lift engine offers an expansive vertical range of 29.25–46.75" (74–119 cm)
- 8 Easily add a hot-swap power system
- 9 Compact cast aluminum base with durable finish; includes three-function 4" (10.2 cm) casters

CareFit Slim Laptop Carts fit laptops and two-in-ones. A pull-out cable storage tray keeps cords out of sight, and a slide-out power brick holder offers easy access to power options.

- 1 CareFit Slim Laptop Security Bracket keeps your laptop from sliding, while helping protect important equipment
- 2 Integrated storage area and pull-out cable storage tray with quick connect hardware
- 3 Worksurface is 21" x 13.9" (53.3 x 35.3 cm)
- 4 Triple-stage lift engine offers an expansive vertical range of 24.5–49.1" (61.4–124.7 cm)
- 5 Super-compact cast aluminum base with durable finish; includes three-function 4" (10.2 cm) casters

CareFit Slim 2.0 LCD Cart

Typical LCD Size	Designed for lean IT configurations, including micro PC + LCD or AIO ≤ 27" weighing 5–20 lbs (2.3–9.1 kg)

No Drawer C50-1100-0 / White & Warm Grey

CAREFITTMPRO

Full-featured & Customizable Medical Cart

The CareFit™ Pro Medical Cart sets a new standard in professional-grade design for home-like environments for clinicians and patients alike. A flexible open architecture system reliably adapts to future and current workflows with ease. Integrated, cloud-based software simplifies fleet management, helps improve uptime and alleviates power concern.

- 1 180° pan for monitor and keyboard
- 2 Touchscreen user interface
- 3 High-capacity configurable drawer system can be added
- 4 Infinite brake mechanism enhances patented Constant Force™ technology for improved usability; electric lift also available
- 5 Integrated 320Wh LiFe battery
- 6 Durable, 5" (12.7 cm) dual-wheel casters
- 7 Optional LiFeKinnex Power System (245Wh)
- 8 Cantilever monitor mount for focal depth adjustability and full access to worksurface
- 9 LED lighting located on the base, keyboard and worksurface for working in dark environments
- 10 Neutral-angle, dual-grip handle design for improved push/pull/lift ergonomics
- 11 Integrated 7-port USB hub for data and power
- 12 Technology enclosure
- 13 Enclosed cable management
- 14 Flex-platform accessory mounting system
- 15 Promote uptime with eKinnex™ software for proactive fleet management

CareFit Pro with multiple drawer configurations!

LK LiFeKinnex™

POWER LIFE-CHANGING CARE

- Safe battery chemistry
- Longer battery cycle life
- Quick charging time
- Easy to connect
- Simple attachment system

Alleviate power anxiety on medical carts with this innovative battery system designed to support multiple workflows, including hot swap or on-cart charging. The three-part system—battery, smart battery dock and optional external four-bay charger—minimizes downtime by monitoring battery run-time with an LCD screen and using the unique magnetic connection feature for an easy swapping process.

CLOUD-BASED FLEET MANAGEMENT FOR MEDICAL CARTS

- Secure, web-based software application that monitors and manages your fleet of CareFit and StyleView carts
- Seamless and centralized fleet management provides comprehensive cart data to significantly reduce or eliminate cart downtime
- Monitoring helps improve battery life expectancy
- Provides real-time insight into usage patterns, drawer access, battery charge/life and more
- Software operates separately from patient records to reduce concerns with HIPPA compliance
- Easy to get, fast to implement

Space is in high-demand in healthcare environments. With the CareFit Enclosure, you have more room to provide the best patient care. The wall-mount workstation lets caregivers work comfortably sitting or standing in crowded patient rooms or hallways.

- The low-profile design stays close to the wall and folds when not in use to open up more space
- Lock code with up to 10 digits keeps patient data and technology secure

Support genuine patient connections and help reduce the risk of errors with the modular CareFit Combo System that enables an efficient and comfortable documentation experience at the point of care. Easy screensharing, one-hand stowing and intuitive access to tools allow nurses to focus on patient care. The design enhances healing spaces with concealed cable management that promotes infection control, serviceability and uptime for IT teams.

Provides *nurses* with renewed control over individual workflows and health to help facilitate efficient documentation and foster patient relationships.

Hidden cable management and simple cord access makes it easy for *IT teams* to maintain or upgrade workstations so they can efficiently get the job done.

MODULAR – FULL-MOTION – CUSTOMIZABLE

- 1 Personalized, ergonomic monitor positioning for each user with 180° of pan and 5" (13 cm) of independent adjustment
- 2 Provides up to 65" (165 cm) of reach by using an extender for documentation at a patient's bedside or in a private space
- 3 Wall Track covers create a clean, streamlined look with hidden cabling
- 4 Space-saving design easily folds when not in use to open up more work area
- 5 Support neat, healing spaces with concealed cable management that enhances infection control
- 6 Enable efficient, secure access with space for an RFID employee badge reader
- 7 Offer greater visibility to data by upgrading the workstation to hold two LCD monitors

Weight Capacity	Patient Room 8–33 lbs (3.6–15 kg)
Weight Capacity	High Traffic Area 5–30 lbs (2.3–13.6 kg)

Part Number / Color
Patient Room 61-080-062 / White
Patient Room 61-080-085 / Black
High Traffic Area 61-081-062 / White
High Traffic Area 61-081-085 / Black

StyleView Vertical Lift

Typical LCD Size	≤ 24"
Lift	9" (22.9 cm)
Weight Capacity	Patient Room 8–33 lbs (3.6–15 kg)
Weight Capacity	High Traffic Area 5–30 lbs (2.3–13.6 kg)

Part Number / Color
Patient Room 60-609-216 / White
Patient Room 60-609-195 / Black
High Traffic Area 60-593-195 / Black

Add-on Power For Non-Power Carts

SV DC Power System

Power Output	DC
Battery Type	Lithium-Ion
Battery Capacity	330Wh
Charge Time	6–7 hours
Run Time	Up to 15 hours

Part Number
Laptop version 97-943
LCD + CPU version 97-942
Remote User Interface 97-953
(Country-specific power cords sold separately)
Certification
Battery pack: UL 60601-1 / Li Ion Cell: IEC 62133

Durable Flexible Efficient Innovative

Harness the limitless potential of interactive, digital learning. Ergotron's professional-grade ChargeFit charging systems fit your changing technology, education spaces and ever-changing school days.

No two days are the same, so the flexible designs evolve with your lesson plans. As movement innovators, we've designed our ChargeFit systems to work with a variety of accessories and environments for you to decide where and how you want to ChargeFit.

CHARGEFIT™

charging carts

High-capacity

YES35	YES36	ZIP40 Charge
Small footprint	Full size

charging cabinets

Wall

Desktop

ZIP12	ZIP12
Compact wall cabinet	Compact desk cabinet
	
	
Tablets, smart phones, Chromebooks, iPads	Tablets, smart phones, Chromebooks, iPads
	
Charging cabinets save valuable education space	
Limited lifetime for the frame; 5 years for other mechanical components; 3 years for electrical components; 1 year for cables	

Patented PowerShuttle technology:

Supports safe and fast charging for tablets and laptops

Continuous monitoring keeps circuit limits in check

In-rush protection helps avoid power spikes

Measured processing manages the current to devices

In a test, our charging cart with PowerShuttle Technology charged up to 40% faster than our competitor's round robin charging cart

CHARGEFIT

Our professional-grade ChargeFit designs combine durable construction with extensive testing to help keep students, staff and devices safe.

YES36 Charging Cart for Mini-laptops

This customizable charging cart lets you charge, store and transport up to 36 laptops, Chromebooks and tablets with screen sizes up to 13"—and some up to 14". Have larger devices? Just set the cart's bay width and shelf height for your needs. It charges devices 40% faster than other systems, so they're ready when you need them. Say "YES" to an easy-to-move and safe charging cart that fits into tight education spaces.
